# “The Future Looks Uncertain ...*but God*”

Daniel 2

Prognosticators and forecasters abound all around us, from weather reporters to psychics. Even the National Geographic Channel hosts programs about aliens who are trying to tell us poor earthlings a thing or two about the future. And everyone seems amazed that someone as distant as Nostradamus could've predicted life in our modern culture—or did he? The future is shrouded in mystery for us all *but God* specializes in knowing and predicting the future. To what end? What is the purpose of God showing us today what will happen tomorrow?

I. The Future Is Unknown to Us (vv. 1-2, 10)

II. The Future Is Well Known to God (vv. 15-23)

III. The Future Is Made Known to Us (vv. 26-30)

IV. The Future Makes God Known to Us (v. 45)
